Maryland Transit Administration

ONGOING IMPROVEMENTS

MTA Maryland

Here's how our work to make your ride better might affect your travel plans.

The Maryland Transit Administration works continuously to maintain and improve our infrastructure and facilities statewide. Here are the projects we're working on that are most likely to have an impact on the traveling public this month.

March 2015

MARC TRAIN

Savage / Annapolis Junction

DESCRIPTION: Construction of a parking garage for MARC.

IMPACT: Patron parking available only on the northern most lot until construction is complete. The MARC parking garage is scheduled to open in mid-March

Slate Repairs at Laurel Station

DESCRIPTION: Slates will be repaired on Laurel station.

IMPACT: Work will be scheduled to occur during non-peak hours. Areas on platforms may be cordoned off while work is occurring, but should not adversely affect patrons.

Odenton Station Miscellaneous Improvements

DESCRIPTION: Repair to asphalt pavement, concrete sidewalk, curb and gutter, and accessible ramps; updates to ADA accessible parking signs and fabrication and installation of way finding signage within the parking lots, boarding platforms, and pedestrian pathways.

IMPACT: Work that will directly have an impact on customer access or parking facilities will be completed on weekends and off-peak hours.

COMMUTER BUS

Construction of new Waldorf Park and Ride Facility

DESCRIPTION: : Roadway widening along Old Washington Road, construction of a new signal at the roadway intersection and construction of a new 484-vehicle park and ride facility.

IMPACT: Roadway widening and signal work will affect traffic on Smallwood Drive and Old Washington Road. The right turn lane on Smallwood Drive is closed. The impact will be minimal and traffic is expected to move smoothly.

LIGHT RAIL / MARC TRAIN

Homeland Security CCTV Phase IV

DESCRIPTION: Install high resolution surveillance cameras to monitor and record activity associated with rail platforms. The cameras are viewable by the MTA Police in real-time. The addition of the cameras will enhance public safety and security at various rail stations; including MARC Halethorpe, College Park, Penn Station, West Baltimore, Bowie, Martin State, Edgewood and Aberdeen, as well as the Mount Royal Light Rail stop.

IMPACT: Construction occurring on platforms is scheduled to minimize impact on customers.

LIGHT RAIL / MARC TRAIN/ METRO SUBWAY

AGY EV Charger Installation

DESCRIPTION: Install new dual electric car chargers at the following MTA modal parking facilities: MARC – Halethorpe, Monocacy, Muirkirk and West Baltimore / LIGHT RAIL – Lutherville, North Linthicum and Cromwell Station / METRO – Milford Mill.

IMPACT: Construction occurring on platforms is scheduled to minimize impact on customers.
