

As I Walk Down the Street

As I walk down the street I see this boy with a pea head playing basketball with a chicken nugget.

Then when I look across the street I see a man with some jelly bean shoes and a hat made of skittles as he walks his hot dog down the street.

I walk down the street some more. By the park I see these three girls playing double dutch with noodles and one of the girl's arms are made of french fries and her legs too. The other two girls were twins so they had apple pie faces.
