They form a grid in central Baltimore and radiate out into the region on major streets. Gray Lines = LocalLink Routes LocalLinks do two different things: <ul style="list-style-type: none"> Cross-town LocalLinks are numbered 20 through 49 and form rings around the city; the higher the route number, the further it is outside the city. Radial LocalLinks are numbered 50 through 99 and run on minor streets between the CityLinks: <ul style="list-style-type: none"> Routes in the 50s serve the northeast Routes in the 60s serve the southeast Routes in the 70s serve the southwest Routes in the 80s and 90s serve the northwest Dashed Lines = Express BusLink Routes Express BusLinks are numbered 100 through 199 and offer limited-stop service between outlying suburbs and downtown Baltimore. They also form a ring on the Beltway to offer limited-stop suburb-to-suburb service!
