

# 20 Line: Security Square/Edmondson Village to Downtown - City Hall

## Summary of Changes

Line 20 will operate between Security Square/CMS and City Hall and its eastern branches will be split into two lines: Line 26 serving the Dundalk Marine Terminal and Line 31 serving Canton and Dundalk. Line 20 will short-turn at Edmondson Village, with 10-minute peak service between Edmondson Village and City Hall and 30-minute peak service between Security Square/CMS and Edmondson Village. This will allow Line 30 to be eliminated, focusing resources on the 20 Line to create a single, robust, high-frequency service between Edmondson Village and City Hall.

## Alignment Changes

Recommended Change	Reasoning
1 Transfer service to Dundalk to the new Line 31	Addresses BNIP goals of improved service quality & aligning the network with existing and projected land use patterns: -Shortens line to improve on-time performance -Maintains a less confusing and more consistent alignment -Enhances service to Canton Crossing
2 Transfer service to Dundalk Marine Terminal to the new Line 26	Addresses BNIP goals of improved service quality & aligning the network with existing and projected land use patterns: -Shortens line to improve on-time performance -Maintains a less confusing and more consistent alignment -Enhances service to new Amazon facility
3 Eliminate Line 30	Addresses BNIP goal of increased network efficiency: -Service between Bayview & Downtown is provided on Lines 10, 23 and QuickBus 40. -Service on western portion of Line 30 is provided on Line 20
