The Maryland Transit Administration (MTA) is accepting public comments on the 2010 Corridor Preservation Study to define the Preferred Alternative going forward for the 2014 Southern Maryland Rapid Transit Study (SMRT). Public comments will assist in defining the need for, purpose of, and scope of a high-capacity rapid transit improvement along the MD 5/US 301 corridor from the Branch Avenue Metrorail station to the Waldorf-White Plains area.

The SMRT Study is part of a long-term planning process to evaluate the alternatives for an alignment and to select the appropriate transit mode (light rail or bus rapid transit).

We welcome your comments and suggestions

MTA project staff and consultants will be available to answer your questions throughout the evening. Written comments can be submitted at the open house or by visiting **mta.maryland.gov/smrt**.
